

ReserveAmerica's Top 100 Family Campgrounds Awards

ReserveAmerica, a Camping World strategic marketing partner and a leading access point for outdoor recreation, has launched its third annual "Top 100 Campgrounds" from across the United States. In addition, new outdoor awards categories, including Amazing Locations, Bike Trails, Bird Watching Spots, Canoeing Spots, Educational/Historical Facilities, Fishing Spots, Hiking Trails, Kid-Friendly Parks, Park Beaches, Picnic Areas, Romantic Spots, Scenic Views and Unique Cabins have been added.

The list was carefully selected by park rangers, regional park management and from consumer-submitted testimonials that rate the campgrounds and provide constructive feedback. More than 3,000 parks were reviewed and the final 100 parks were chosen based on specific family-friendly criteria.

Due to the overwhelming response and feedback of the previous "Top 100 Campgrounds," ReserveAmerica launched the third annual listing with additional awards categories for "Best of Locations" ranging from the Top Fishing Spots to Scenic Views. Known as "The No. 1 Access Point for Outdoor Recreation," ReserveAmerica today processes more than 3 million camping reservations per year. The current inventory includes access to more than 140,000 campsites in 44 states allowing you to search locations, check

availability, view campground maps and access driving directions.
